**ORCID's vision** is a world where  
all who participate in research,  
scholarship, and innovation are uniquely  
identified and connected to their  
contributions and affiliations across time,  
disciplines, and borders.

**Together, we can make our vision a reality!**

# WHAT IS ORCID?

- ORCID is an open, not-for-profit organization run by and for the research community
- We provide researchers with a unique identifier, an ORCID iD, that reliably and clearly connects them with their research contributions and affiliations
- Hundreds of systems have now integrated ORCID iDs – from grant application and manuscript submission to CRIS to repositories, and more!
